## TO WHOMSOEVER IT MAY CONCERN

We have been maintaining a valuable relationship with **BEES SOFTWARE SOLUTIONS** since 2007 and we are very comfortable and impressed with their technical expertise and healthy communications. They always make extreme efforts to ensure our requirements. It has been a very productive partnership.

They provide us with valuable and different modules like Academics, Administration, Examinations, Library, Hostels, Transport, Placement Cell etc. The flexibility of **Bees Software Solutions** and support services is to make us do multi tasking, reducing errors, improving efficiency. Ultimately we became dynamic and competitive in education which helps in student academic growth as well as institutional growth.

We are very happy to say that the different modules of **Bees Software Solutions** are highly suitable and we have no hesitation in recommending **BEES SOFTWARE SOLUTIONS** to any prospective client. "All the very best for their future endeavours."
