Professor in CSE,
Geethanjali College of Engineering and Technology,
Hyderabad.

TO WHOMSOEVER IT MAY CONCERN

It is indeed a pleasure in issuing these credentials to M/s Bees Software Solutions, who are our crucial partner in our examination process. The examination system under our autonomous system, starting from generating timetables to results declaration, is completely automated with the help of the BET Plus software.

Best part of the software is that it fits in for almost any regulations/procedures. The complete software is comprehensively developed keeping in view of all possible eventualities. Any further customizations needed for the individual institutions according to their requirements are quickly and efficiently implemented and delivered. Full marks to the support team which continually strives to trouble shoot our problems with a pleasant attitude and swift response.

The software is updated and improved on a continuous basis, adding new features very frequently.

Overall, a gigantic task of managing the examination system in an autonomous system has become a simple affair with the BeeS Software Solutions Product.
