

Dr. RAJAN MATHEWS  
DIRECTOR EVALUATION

### TESTIMONIAL

It gives us great pleasure to state that we 'the **GODAVARI INSTITUTE OF ENGINEERING & TECHNOLOGY(A), RAJAHMUNDRY**' are associated with **BEES SOFTWARE TECHNOLOGIES, HYDERABAD** for all our examination related software requirements.

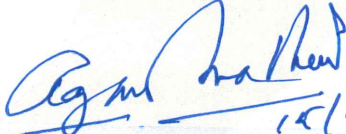

**BET** the examination tool of **Bees Technologies** is user friendly, accurate and more than anything else it is reliable. It is a lively tool as they make continuous improvements in the tool and add new features to meet the changing demands. It meets all our examinations related needs.

**Bees Technologies** have a group of dynamic, young professional support team who are always available at our call 24x7, to attend to any hiccups that occur due to changing anomalous situations in students data; changes in the Examination regulations etc.

From my experience with **BET Examination Tool** over the last six years I have no hesitation in recommending **BEES SOFTWARE TECHNOLOGIES, Hyderabad** to any institution that requires software support for their examinations related activities.
