**TO WHOMSOEVER IT MAY CONCERN**

We have been using software products of BEES EXAMINATION TOOL since 2015 and I do have to say that it has transformed the way we do examination activities. Real-time solutions provide us with critical insight into our college which allows us to make fast and transparent results and ultimately become dynamic in education industry and also which helps in student academic growth.

The flexibility of BeeS Software Solutions and support services has allowed us to do multitasking, reducing errors, improving efficiency and ultimately cost optimization.

I am happy to see continued improvements and new features in the system and regularly recommend BeeS Software Solutions to my contacts and I wish BeeS Software Solutions "All the very best for their future endeavors".
