TO WHOMSOEVER IT MAY CONCERN

We have been using **M/s. Bees Software Solutions** for our Autonomous Examinations since 2015 and we value our relationship with them. They were professional and flexible with their support services which enabled us to carry out multi tasking activities with improved efficiency in the examination section.

Bees Software is observed to be one of the best Automation softwares for Examinations with all kinds of features facilitated and is flexible for continued improvements as and when requested during the course of work all these years.

We are happy to work with their staff who have good technical expertise, work ethics and timely response all through these years. It has been a productive partnership which we intend to continue and as such we recommend the BET Tool of **Bees Software Solutions** to any prospective client.
