Dr. D.V. Ravi Shankar
M.Tech., Ph.D
Principal
Mobile: 9949665436

TO WHOM- SO- EVER IT MAY CONCERN

Our college has been using BeeS Software Solutions Pvt. Ltd. – Bees Examination Tool (BET) since 2017 for all our examination activities under Autonomous.

The software tool is at its best towards planning, conduct of examinations and declaration of results without any hustle. The software application is dynamic and competitive in education industry and also helps in student's academic growth.

BeeS Software Solutions provides the best support services for new & existing autonomous colleges in developing new tools, reducing errors, improving efficiency and ultimately cost optimization without compromising on the confidentiality and security aspects.

We are pleased with the continuous improvements with the addition of new features like Digital Valuation System, reduced the burden of handling hard copies of the Answer scripts and improved the performance of the examination system at ease by maintaining confidently standards.

I recommend Bees software solutions for the Autonomous Institution and Universities.
