**TO WHOMSOEVER IT MAY CONCERN**

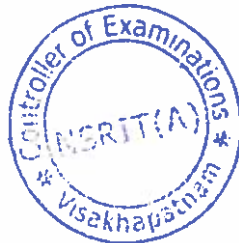

We have been using this software product of BEES SOFTWARE SOLUTIONS since 2008 and I do have to say that it has transformed the way we do daily academic activities.

Real-time solutions provide us with critical insight into our institution which allows us to make fast decisions and ultimately become dynamic and competitive in education industry and also helps in student academic growth.

Automation of different department activities such as Administration, Academics, Examination and automatic reminders reduce our admin costs and rework.

The flexibility of Bees Software Solutions and support services has allowed us to do multitasking, reducing errors, improving efficiency and ultimately cost optimization.

All this adds up to a very comprehensive system that we use on a daily basis. I am happy to see continued improvements and new features in the system and regularly recommend Bees Software Solutions to my contacts and I wish Bees Software Solutions "All the very best for their future endeavors"
